I never received a subpoena

Kate:

Did you get the subpoena for this case? We would like to have you on call if possible. If you could bring the lab file if you have to come, that would be great. It looks like the lab file numbers are [REDACTED]

Thanks so much for your help!

Hi Katherine,

As of right now for May 25 this is my schedule:

Com v. [REDACTED] – Middlesex Superior
Com v. [REDACTED] – Roxbury District
Com v. [REDACTED] – Lowell Superior
Com v. [REDACTED] – BMC

If you would like, you can send me a subpoena placing me “on call” for your case. Also, if it would help you out I can mail out a discovery packet that includes the drug receipt, handwritten notes, test results, etc..
What is the lab # for this case? Is it [REDACTED]

Thanks,
Kate

Kate:

I am prosecuting the above-referenced case, which is scheduled for trial for May 25. I see that you were the analyst who worked with the drugs at issue—are you available to testify that day?

Thanks very much.
